

# Bonfire Night

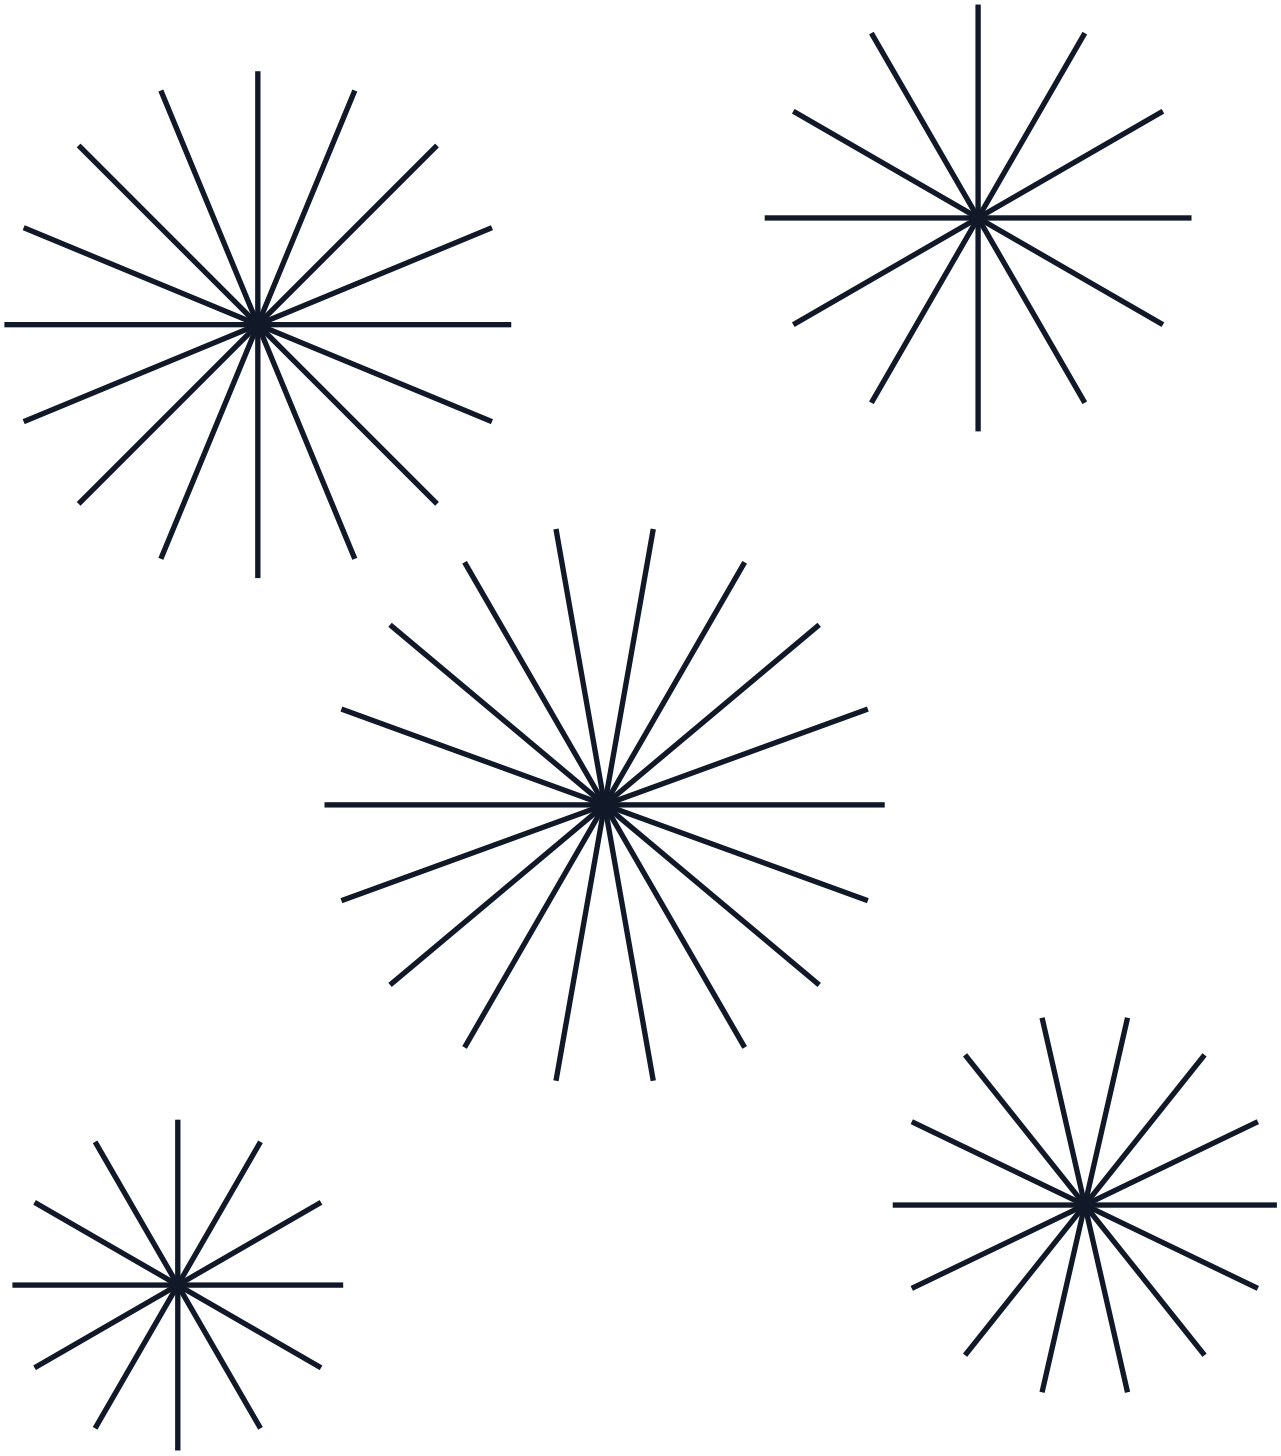

## Fun Pack

Colouring • Counting • Word Tracing • Drawing

Firework fun for ages 3–6 — no bangs required!

# Colour the Fireworks!

Big, bright colours — fireworks love them all

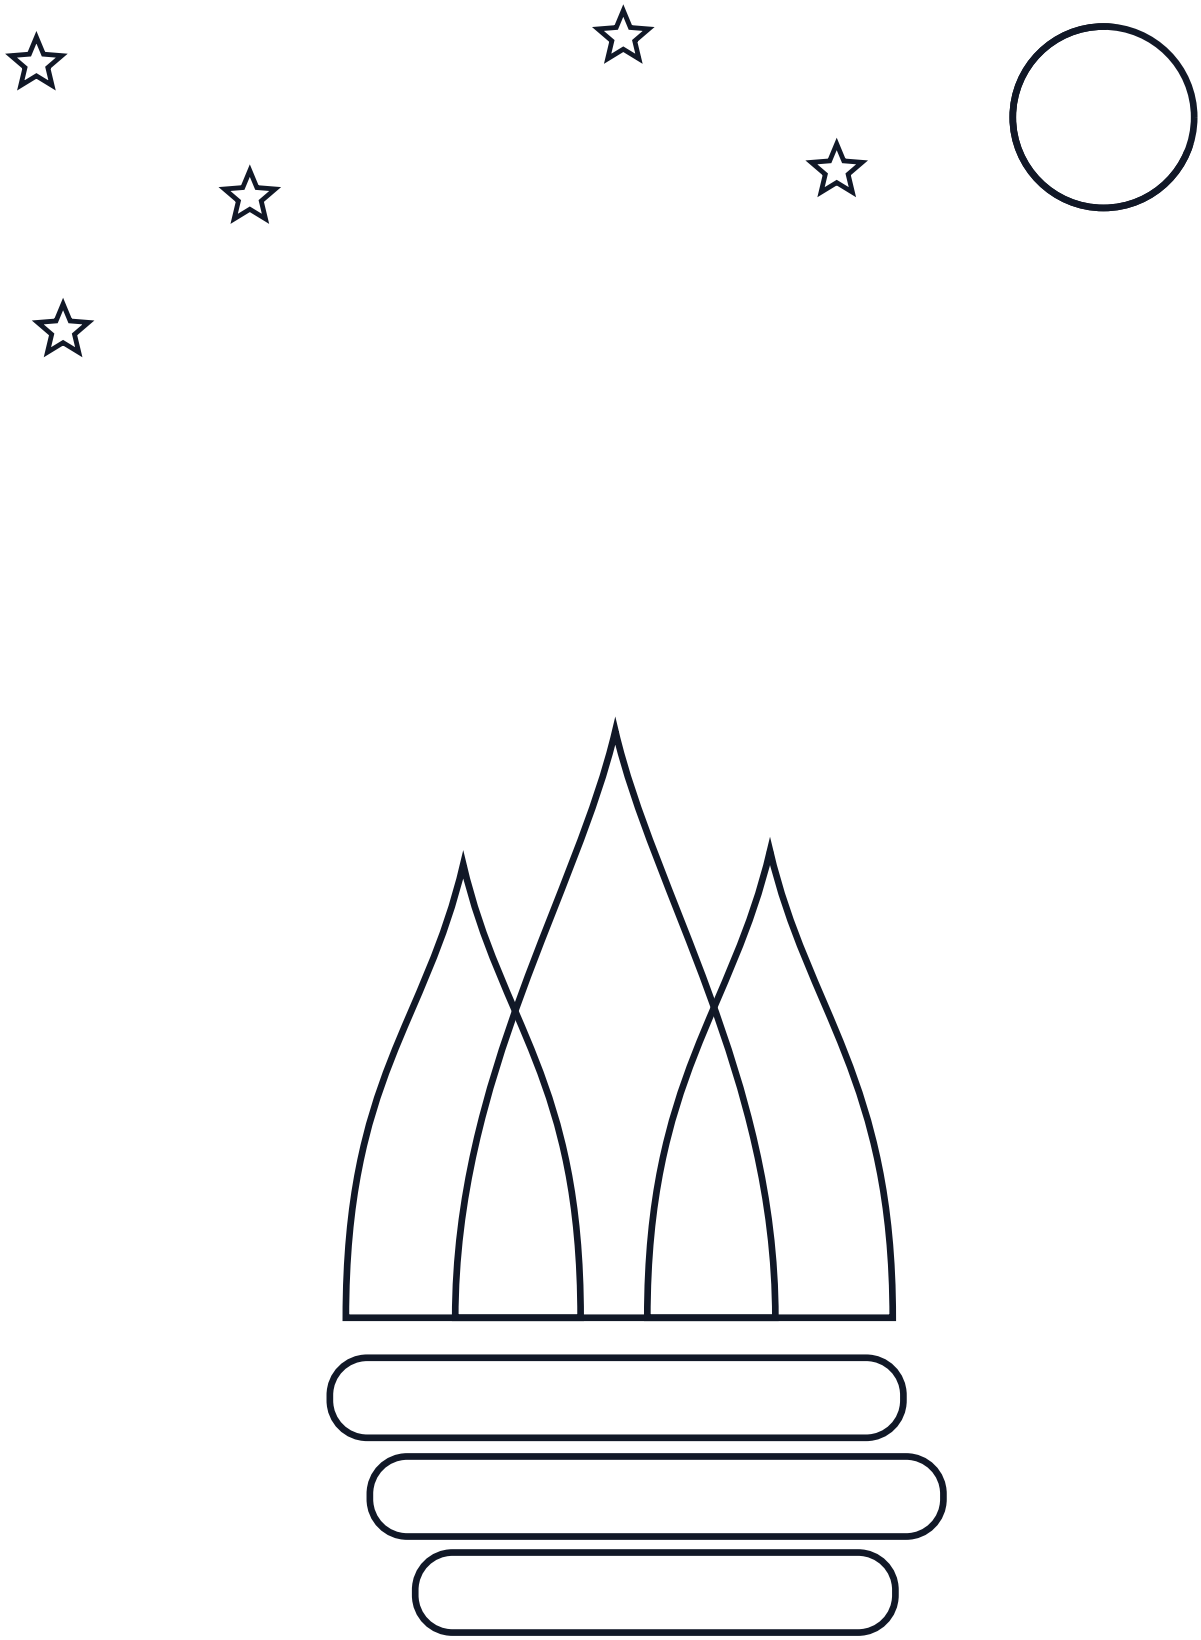

Which firework is the biggest? Which is your favourite?

For personal / classroom use only

# Colour the Bonfire!

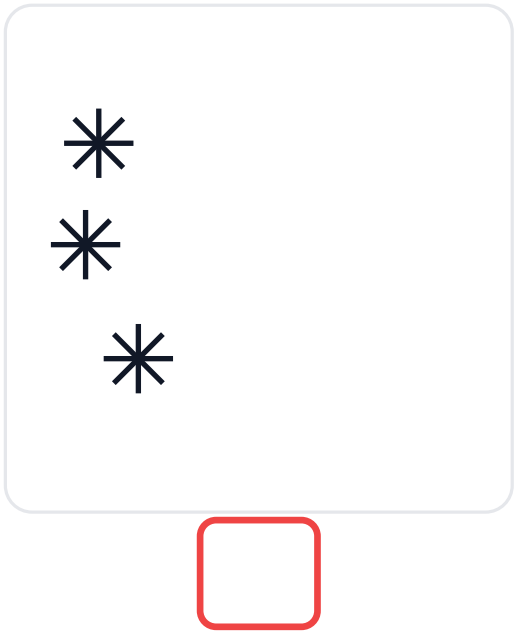

Brown logs, orange and yellow flames, dark blue sky

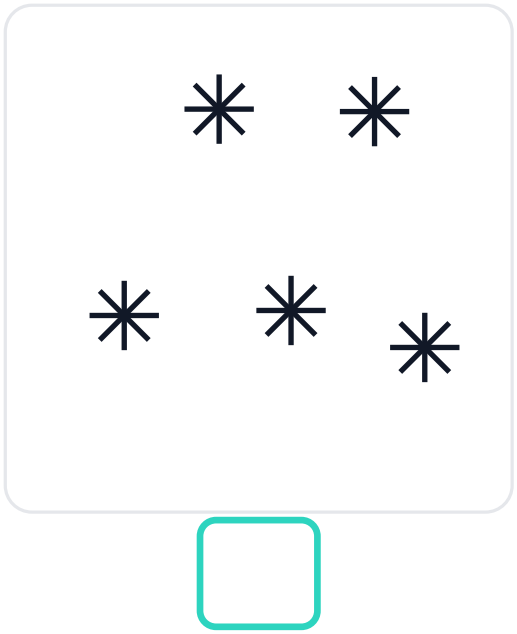

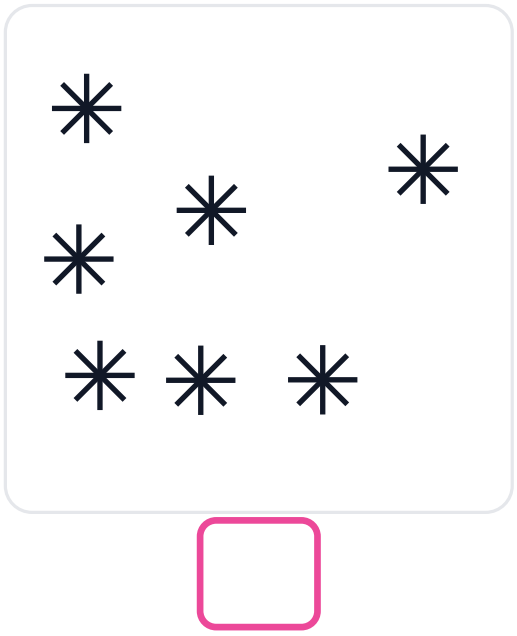

For personal / classroom use only

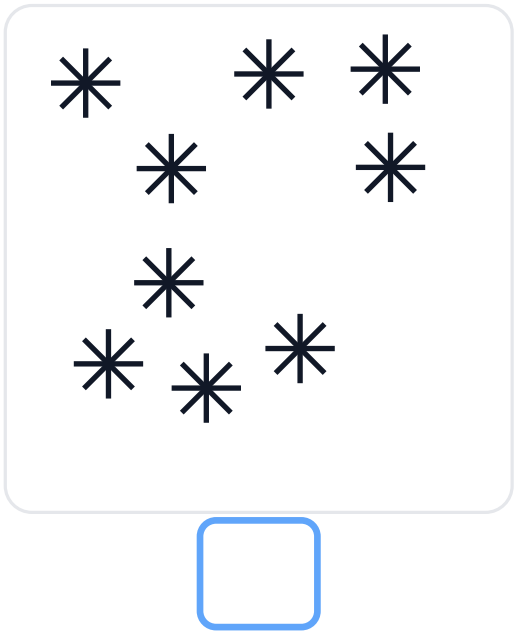

# Count the Fireworks

Count each group of fireworks and write the number in the box

For personal / classroom use only

# Trace the Bonfire Words

Trace over the grey words, then try writing them yourself

bonfire

sky

Grown-ups: real sparklers are for grown-ups only — these are just for tracing!

For personal / classroom use only

# Draw Your Own Firework Show!

Fill the night sky with your own fireworks

For personal / classroom use only

# For Grown-ups

A safe, happy Bonfire Night with little ones

### Watch an organised display

Professionals, proper distances, all the spectacle — the safest way for under-6s to enjoy fireworks.

### Sparklers: not for under-5s

Safety charities advise sparklers can cause serious burns and are not suitable for under-5s. Glow sticks and pasta sparkler wands give the same waving fun.

### Dress warmer than you think

Standing still in a November field is cold work: layers, hat, gloves, warm boots, blanket for the buggy.

### Feed first, leave early

A warm meal before you go, and permission to leave before the finale — tired, cold, hungry is the meltdown mix.

### Ear defenders help

Chunky children's ear defenders turn scary bangs into manageable pops for sound-sensitive little ones.
